Industry Best Practice Tools

Identify Savings Opportunities

Hytec works with Dealers and their usage report to identify areas of missed opportunity

Enhance Order Processing

Set Hytec as the preferred vendor for these parts and set part to "repairable" to help identify parts requiring cores

Reverse Logistics

Hytec works with dealers to flag cores as "returnable" to send in to their Bank, send in for Repair or check to see if Hytec is interested in purchasing the defective core.

Call us toll-free at **800.883.1001** or visit us online at www.hytecrepair.com
